

BOXERCRAFT
your life. your spirit.™

2023 offers crisp, radiant colors for *your life. your spirit.*

About Us

When we say “About Us,” we mean “About You.” It’s your life, and you have the freedom to choose... who you want to be, where you want to go, who you love, where you live, where you work, and what you wear. Your life is diverse, bold, and ever-evolving, and no single lifestyle brand can get the job done. Fashion is what you buy, and style is what you do with it. We are humbled to find

our way into your closet and to help create your style showcasing your life, your spirit. Boxercraft was founded in 1985, catering to a casual loungewear style sweeping across college campuses. Our loungewear and cool graphics positioned us at the heart of the “spirit wear” world in the campus bookstores. With decades of experience in the “spirit” business, our Boxercraft “spirit” has greatly evolved. As we have continued to perfect our brand, we have built a culture

of true teamwork and a service spirit that caters to its customers. We now offer a variety of men’s and women’s loungewear. Today’s Boxercraft is a collection crafted for comfort and style. It embraces a casual lifestyle and the freedom to relax.

BOXERCRAFT[®]
your life. your spirit.™

Flannel Story

For over 35 years, our Flannel lounge pants have been the foundation of our brand. We continue to elevate our Flannel program with new colors and patterns. Every pattern and color is woven from a 100% cotton “super” yarn. A high-twist yarn that provides increased strength and durability that stands up to the heavy brushing we use to achieve the amazing soft hand feel. Super yarn allows for better color saturation, delivering vibrancy and longevity to the pattern and it is pre-shrunk to ensure the meticulously crafted fit remains true.

Our cozy, comfortable loungewear is always a welcomed addition to your casual rotation. Our Haley and Harley Flannel Pant is no exception. For lazy mornings sleeping in or cuddling up to binge your favorite shows, these pants are a perfect choice. And yes, they have pockets!

A photograph of two young women sitting on stone steps outdoors. They are both smiling and wrapped in a thick, blue, textured Sherpa blanket. The woman on the left has long dark hair, and the woman on the right has long blonde hair. The background shows trees with some autumn-colored leaves and a bright sky. The overall mood is warm and cozy.

PROJECT 85

LEARN TODAY. LEAD TOMORROW

Every hard-working student deserves a real opportunity to earn an affordable, high-quality degree or credential. America's students know what they want out of college. They want an education that will set them on a path to success. They want control of their future, without decades of overwhelming debt. They want a college degree that will help them thrive, support a family, shape the world and contribute to their communities. For them, college is literally a transformative time in their lives that shapes their future in profoundly positive ways.

Our mission is to see the current numbers of 85/66/41 (Graduate High School/Enroll in College/Finish in 4 Years) move to 85/85/85...PROJECT 85. Great! How do we do that? We believe it starts with democratizing the information and leveraging technology to create a platform that allows our students to easily accomplish the following:

- **Understand who they are, where their strengths lie and identify career paths that work for them (Phase 1)**
- **Understand the schools that work for them in terms of the curriculum for their chosen career, their geographic location and their budget (Phase 1)**
- **Understand the various scholarships, grants and loans available to them (Phase 2)**

Imagine an app on their phone that asks questions and presents information based on their answers... quick, intuitive, focused and at their fingertips! The good news is that we've identified the technology and are in the process of building it out. The bad news is that we're not finished yet. The app will be free and the plan is to make the same content accessible on the web from any computer anywhere to ensure we can reach as many kids as possible.

We'll keep you updated on our progress. If Project 85 speaks to you and you'd like to help, you can buy something from us. You'll notice all of our retail prices end in \$0.85. That last \$0.85 of every item is committed to Project 85 and building the technology in phase 1 and then building our own Project 85 Scholarship Program in phase 2. Watch for custom Project 85 products where 100% of the proceeds will be directed to the program.

We understand the size of the mountain we're trying to climb and the effort required to get there. Our team is ready for the challenge.

Learn Today. Lead Tomorrow.
